A full description of the proposed development must be attached, including all required and relevant engineering studies, engineer’s seals, and signatures on plans. If applicant is other than the property owner a *Letter of Authorization* from the property owner must be submitted at the time of application.

A permit from the City of Leon Valley is necessary to allow development in a designated floodplain or floodway. The requirements for documents to be submitted with this application widely vary, but are set out in Chapter 31 of the Leon Valley Code, “Floodplain Management Regulations.” Documents must be sufficient to offer proof that the development regulations set forth in Chapter 31 are being complied with in full. A copy of the City Code, Chapter 31, is available at City Hall.

The definition of a “development” is set forth in Chapter 31.200h. of the Code as required by the National Flood Insurance Program administered by the Federal Emergency Management Agency (FEMA).
